Atlantic Coast Line and Seaboard Air Line Historical Society Inc.
P.O. Box 4141, Bay Pines, Fla. 33744-4141

The Atlantic Coast Line and Seaboard Air Line Historical Society is a nonprofit educational Organization devoted to preserving and disseminating the history of the ACL and SAL, their various predecessor and affiliate lines, and successor Seaboard Coast Line. The Society produces a quarterly magazine *Lines South*, and provides an array of membership services including research, annual meetings, and exclusive products for modelers. We invite inquires about membership, and about our publications and services, at the above address.

STAINLESS STEEL CARS

File 417-400

FOREWORD

The color schemes contained in this brochure include those currently in the majority of Stainless Steel Cars as well as new color schemes which have been developed to replace them.

The adaptation of the old color scheme interiors to the new Standard will be made progressively as the cars are regularly shopped with the exception of cars requiring complete interior replacement.

Existing stocks of obsolete materials are to be used in cars not requiring complete interior replacements until such stocks are depleted, at which time the items incorporated in the new color schemes will be applied.

Issued: March 10, 1948

Revised: May 1, 1966

No. 300-G, Cobweb, Black/Gold					

BUSINESS CARS

SECTION II

STANDARD CARS

FOREWORD .

The Color Schemes in Section II have been developed from the New Standard Materials and, as far as possible, represent the application of the items incorporated in SECTION I to our standard passenger equipment.

The adaptation of these interiors to the new Standard will be made as the individual cars require repainting; the Scheme selected to be based on the color of existing plush in each car, and selection will be made by this office at the time of shopping.

Issued: June 1, 1948
Revised: May 1, 1966

Office of Chief Mechanical Officer
Richmond, Virginia
