HI-LEVEL LOUNGE CAR

El Capitan's fun car! Note the roof skylights, as well as wide picture windows. On the hi-level there are 60 seats arranged individually, as well as in pairs and at tables for a foursome of

bridge. The stairway at center of car leads to the Kachina Coffee Shop on the lower level accommodating 20 more passengers. There are attendants on both levels, also on the upper level is a completely stocked newsstand. There is plenty of room to move around in this new type lounge car and in all the other cars that make up the Hi-Level El Capitan. This roominess is just one of many features that contribute to the smooth-riding comfort of El Capitan.

HI-LEVEL DINING CAR

Dining is one of your biggest thrills and greatest pleasures of your El Capitan trip. You enjoy soft music, magnificent views, and of course, tempting Fred Harvey dishes—all high

above the noise of the kitchen below. Eighty passengers can be served at one sitting in this spacious dining car and everyone is pleased with the economically priced meals. Now open this folder and on the inside there are descriptions

and close-up pictures that illustrate many of the unique features you can enjoy on your trip between Chicago and Los Angeles aboard the Hi-Level El Capitan.

SEE INSIDE

You'll like the chair cars, for each reclining stretch-out seat is located on the Hi-Level 8 feet above the *clickety-clack* of the rails. And from wide picture windows you get a "new look" at the passing scenery. A short easy stairway at the center of the car

leads to dressing rooms and toilets on the lower level. The attendant, without charge, checks and stores heavy baggage on the lower level. There is a rack above each seat for small personal luggage and parcels.

What to expect when you ride the new HI-LEVEL El Capitan cars

We designed these cars to fit people themselves. People have legs. So we wanted seats with legroom enough for everyone—from the tallest to the smallest, to let them stretch out in comfort. People have eyes . . . and like to use them. So we sought to boost them up to the second floor where they get the most sweeping view of the wonderful scenery we have along the Santa Fe. People have ears. So we aimed to move them as far as possible from the sound of the rails. These are some of the considerations that led to the idea for our new Hi-Level El Capitan cars to make your trip a delight at an economical price.
